

would be rewarded for doing so. That mechanism is in place and has no need for change. These program changes will significantly delay getting these resources to the places they are needed most.

I note with regret the other objectionable legislative riders that remain in the bill.

They include a provision intended to allow the construction of a third telescope on Mt. Graham, Arizona, affecting the Mt. Graham red squirrel, Native American cultural lands, and the abortion accreditation provision.

While I am disappointed that the Congress chose to reduce funding for the Legal Services Corporation, I am pleased that the bill assures continued funding of legal services programs for all eligible populations, including migrants.

I am also disappointed that the Congress did not approve my request to increase funding by \$250 million for our anti-drug initiative. But I am pleased that the conferees stated their intent to provide additional funds for these important programs in FY 1997, ensuring that we can continue our anti-drug effort at full strength.

Unfortunately, the Congress did not include legislation I had sought to stabilize the Savings Association Insurance Fund. It is important for the Congress to take action on this issue quickly so that we can put the thrift crisis behind us without imposing any further costs on the taxpayers.

In addition, I note that section 119(a) of the Department of the Interior and Related Agencies Appropriations Act, 1996, contains a legislative veto, which would be unconstitutional under *INS v. Chadha* (462 U.S. 919) (1983). However, because I am suspending section 119(a) pursuant to section 119(b), the constitutional problem will be avoided.

With regard to defense, this bill also permits the Federal Government to undertake a multi-year procurement of the C-17 aircraft, the critical next-generation military transport. The C-17 will greatly enhance our ability to respond to crises around the world; buying it this way will save hundreds of millions of dollars for the taxpayers.

This bill represents true compromise and bipartisan cooperation. Clearly, when we work together we can enact good legislation for the American people.

With this in mind, we should build on our efforts here and move on to the larger challenge of balancing the budget over the next 7 years. The American people deserve a balanced budget, and we should give it to them.
